

2D cells

```
graph TD; A[2D cells] --> B[Cell Classification]; B --> C[Midcurve Segment Creation]; C --> D[Midcurve Segment Joining]; D --> E[Midcurve];
```

A vertical flowchart with five rounded rectangular boxes. The first box is yellow and contains the text '2D cells'. It is connected by a downward arrow to a blue box containing 'Cell Classification'. This is followed by another downward arrow to a blue box containing 'Midcurve Segment Creation'. A third downward arrow leads to a blue box containing 'Midcurve Segment Joining'. Finally, a fourth downward arrow leads to a green box containing 'Midcurve'.

Cell Classification

Midcurve Segment Creation

Midcurve Segment Joining

Midcurve
